MINING LEGISLATION STATUS TODAY

Many Bills To Aid Mines Still In Committee Hands

SACRAMENTO, April 13—(UP)—With several measures affecting the mining industry of the state before the legislature, but one has had approval of either house. The others are in committee and favorable action is expected to bring them to the floor of the assembly and senate.

The measure passed by the assembly and senate provides that mining companies or operators, operating without security, shall have available at all times two weeks payroll funds. The bill was introduced by Assemblyman Jesse Mayo, Angels Camp, in an effort to halt working of mines by unreliable persons and the resultant failure to meet payrolls.

Other bills before the legislature, but still in committee provide:

Three hydraulic mining bills which would (1) permit hydraulic mining with safeguards to streams and reservoirs. (2) Establish a hydraulic mining commission to regulate such mining, and (3) permit establishment of hydraulic mining districts similar to reclamation districts.

Authorizing the accident insurance commissioner to segregate surface and sub-surface workers for the purpose of compensation rate adjustment.

Limiting to 20 per cent the amount that may be expended by compensation insurance companies for administration purposes. The present law limits the amount to 41 per cent.

Providing for the issuance of state licenses to hoisting engineers.

One provision directly affecting the gold mining industry provides that under the so-called Riley plan of taxation, gold bullion shall be exempt from the gross income tax.

JESSE MAYO, Assemblyman from this district, who is working for best interests of the mining industry.

LUDWIG NETZ OPPOSES POOL FUND SWITCH

Editor Nevada City Nuget—
Dear Sir:

Please allow space for this in your valuable paper. The topic is the swimming Pool.

I for one do not believe in taking the Swimming Pool money and spending it on the City water system.

The first reason is that we pay too much for water now as it is. Why should we have to pay more than the citizens of Grass Valley for water? We should pay less if anything.

Some wise guys say that they need more money to run this city with. Now if that should be the case, what kind of argument are they putting up if they want the poor people of this town, who occupy only a small house or a cabin, to contribute just as much to the city as the large property owners. That argument is out of place and unjust and, if I am not mistaken, it is not going to succeed.

ELECTION WILL TELL STORY

It will be interesting to see May 15 if the peoplle of this town are going to let the firemen and the city council pull wool over their eyes.

We need a swimming pool here as well as any other community. It is an asset to any town. We have all kinds of locations for such an enterprise and we have the money and can easily afford to build a good swimming pool, so let us do it.

Let us build one where it is quiet and plenty of room, so our tired home makers, the working slave and his children can go there and spend all day if they want to. I know of a place where we could build three swimming pools should we want to, embracing from 10 to 20 acres, with plenty room for an auto park or camp ground, which woulld pay the maintainance of this swimming pool. Water would be partly free. The price for the ground would amount to from 3 to 5 thousand dollars. Dams and bath houses could be built for less than $6,000.00 So, there you are, folks. Location is east of the city with entrance from the Tahoe-Ukiah highway and upper Nevada street.

OTHER LOCATIONS

Should this location not suit the majority there are other locations available. Perhaps someone will ask where we will get the money to fix the water mains with. If you ask me, I will tell you what I would do if it was up to me. I would cut the water rate to $1,25 a month, put on a water collector with heavy shoes who could go out and collect the water bills. He should also carry a monkey wrench in his pocket, so he could turn the water off for those who did not pay. I understand that there are several thousand dollars on the books in bad water bills. What kind of a system is it anyway to have some to pay the bills and others not?

The water main at Canada Hill may need replacements and it may not. If the City Trustees had asked the people of this town to borrow a few thousand dollars of the Swimming Pool Fund to be paid back 1935 when the balance of $5,000.00 of the $6,500.00 bond we voted for in 1925 is to be sold and used for the City water system, I would have voted for it, but as they have it now we should tell them May 15, nothing doing.

600 WATER USERS

A rate of $1.25 a month will supply amply take care of the water system. We have between 6 and 7 hundred water customers. Figure out for yourself, it's enough to take care of all expenses and ive a nice surplus at that.

The city takes in about $15,000.00 in taxes the current city bills average from $1200.00 to $1500.00 per month. If that is not enough to run this city on the whole town should be reassessed and we would have more money than we would know what to do with.

The large property owner would no doubt yell, but it would be a fair taxation with no unjust burden on poor water users to pay equal share

(Continued on Page Six)

Counties And Cities May Regulate Beer

By THOMAS B. MALARKEY

SACRAMETO, April 13—(UP)—Nevada county and the municipalities therein now have the right to enact their own regulations governing the sale and distribution of beer, but eventually—unless the present legislative trend abruptly changes—they must give way to the state regulations.

As long as the state beer regulation bill remains tied up in a legislative deadlock, this county can pursue its own course in governing the "beverage." There is no immediate prospect of agreement.

One thing is reasonably certain. The legislature will insist that state regulations predominate. An attempt of the California League of Municipalities to amend the pending state regulatory measure to permit cities and counties to use their own discretion was decisively voted down.

As the bill now stands, however, cities and counties are granted local option—that is, they can decide whether or not 3.2 per cent beer or under can be sold within their boundaries. But it is this local option that is the subject of deadlock and it is conceivably possible it may be stricken out or modified before the measure passes. The senate favors local option and the assembly is against it. The two houses must agree before the legislation can be enacted.

Aside from the local option feature, the legislature unified on the proposition that uniform regulatory provisions should prevail throughout the state. To confer absolute regulatory power on various political subdivisions would, it was argued, create many hundreds of conflicting regulations that would, in effect, bring a "beer chaos."

The following uniform provisions will undoubtedly be retained in the bill: Cities and counties would be given the right to set up their own licensing boards and issue two kinds of licenses, "on sale" and "off sale" "on sale" licenses, that is sold on the premises, would not exceed $50; "off sale," where beer is sold and taken away, would require a license fee of not to exceed $10; a local sales tax of not more than $50 cents per barrel; no sale of beer to anyone under 19 years; beer could be sold only with meals.

EASTER SERVICES AT ST. CANICE

At St. Canice church on Thursday morning, high Mass was celebrated in memory of the Last Supper. During the day, there was a constant stream of people to and from the church; each offering prayers as his piety prompted.

Good Friday, today, at the same hour will be the occassion for the unveiling and veneration of the cross. The way of the cross will be held at 7 o'clock this evening.

Saturday is the day in which the Easter candle and the baptismal water is blessed.

Easter Sunday Masses at St. Canice church will be said from 8 to 10:00 The latter will be High Mass followed by a sermon on the resurrection of the Savior.

Benediction of the Blessed Sacrament immediately after the 10:30 Mass, will conclude the religious observance of the day.

SCOTT'S FLAT GRAVEL MINE IN OPERATION

The Scott's Flat gravel mining property which was operated by J. W. Scott, and associates last fall, has been reorganized and is called the Scott's Flat Mining Corporation.

Porter Bros. of San Francisco ane the chiefly interested with J. W. Scott as manager.

The deep, old gravel hannel which seemingly runs in a north westerly and southeasterly direction is about 300 feet deep at this point and operators in the past have taken out large sums of gold.

The Scott's Flat Mining Corporation property is located baout six miles east of Nevada City.

NEEDY GIVEN 12 TONS FLOUR HERE

George H. Calanan, who has dispensed to those in need through the winter, the flour provided by the Red Cross, stated yesterday that about 12 tons have been given out. About 15 per cent of this amount has gone to Nevada City residents, who have suffered from the depression, but the other 85 per cent has gone mainly to the gold seekers along the Yuba and back in the hills.

The season, however, in which flour will be given away is coming to a close, for Mr. Calanan has been notified that no more shipments of Red Cross flour will be made after April 15.

Miss Helen Calanan, who teaches in the San Francisco schools, is spending Easter week in Nevada City with her parents, City Clerk and Mrs. George H. Calanan.

Don Billick, the assayer is busy. He states that with the frist warm spring days many new customers have come in, indicating unusual activity prospecting and mining.

ALLEGED BURGLAR PLEADS DRUNKENNESS

A result of disagreement, the jury trying Albert Muir, accused of burglary, was dischared Wednesday afternoon by Judge Raglan Tuttle. Muir is alleged to have entered the garage of Ollie Phillips in East Main street, but no evidence was produced that he had taken anything. Testifying in his own behalf he stated he was so drunk he did not know what he was doing. District Attorney W. B. Wright and his deputy, Robert Tharp appeared for the people and William Cassetari, of Grass Valley, was defense attorney. Witnesses against Muir were Ollie Phillips and Albert Liricelli.

N. C. TRACK TEAM ENTER BIG MEETS

The boys on the track team are working hard to get themselves into winning form for the two meets in which Nevada City will compete. The first of these will be at Davis, when the big annual farm day picnic takes place, April 22. It is expected that ten Nevada City high school athletes will compete at that event against 40 track teams from all parts of California.

The next event will be at Roseville on April 29 when 25 teams will gather to match speed, agility and brawn.

Spring football practice will open May 1, according to Bev. Barron, coach.

REMODELED HOME IS READY FOR OCCUPANCY

The house on Nevada street, which Miss Lorraine Andrews of Grass Valley recently purchased ,has been completely remodeled and is now practically ready for occupancy. Miss Andrews employed Lloyd Weeks, well known Grass Valley plumber to install all kitchen, bath room, water and heating equipment. One of the features of the kitchen installation is the latest device in two compartment sinks. Weeks completeed his contract yesterday noon. The fire place has attracted wide attention. Bright pieces of quartz, petrified wood and colored stones are embedded in the cement of the large hospital hearth and mantle.

MR. AND MRS. FARMER HAVE PURCHASER LAND

Mr. and Mrs. F. A. Farmer who reside on Nihell street on Aristocracy hill, have purchased eight acres of land from Mr. and Mrs. W. H. Golde in the southeastern limits of Nevada City.

They plan to dispose of their home and build on the new acreage as soon as they can. In this tract of land there is plenty of wood land. They plan to clear and plant part of the land and to keep a horse.

COUNCIL NAMES ELECTION BOARD

The city council last niht adopt the ordinance, which had its first reading at an adjourned session last Saturday night, calling for an election on May 15, at which the people will be asked to decide whether or not they wish to convert the swimming pool fund to use in making repairs to the city water system.

The ordinance was adopted unanimously by the four councilmen present, namely Messrs. Bennetts, Murchie, Armstrong, and Seaman.

The council then proceeded to appoint the following election officers: Clerks, Mrs. Clare Phillips and Mrs. Annie Hooper; judge, Mrs. Clarence Shirtleff; and inspector Miss Annie Byrne.

The council granted permission to Dan Stewart, P. G. & E. manager, to replace leaking gas pipes in Pine street between Broad and Commercial. He was granted this permission on condition that the street be restored to its present condition following completion of the work. He stated, in asking for permission, that the present gas mains had been underground for 27 years and were generally in bad condition. Wherever possible, Stewart said, the pipes would be installed through tunneling as much as possible, so as not to disturb the surface of the street.

BEER LICENSES DISCUSSED

The board discussed tentatively an ordinance to establish a license fee for wholesale and retail dispensers of beer, and it was the consensus of opinion that this should be done as soon as the legislature acts to define city and county authority in this respect. City Clerk George Calanan read the list of those who have applied for licenses. They are as follows:

Wholesalers—John Tognerelli, Alex Sauvee, W. Polkinghorn, and S. Cortacelli.

Retailers—James Penrose, Plaza Grocery, Angelini and Cicoqui, Smith Package Company, Purity Stores, J. Muscardini, E. Schreiber, Alex Ramsay, National Hotel, New York Hotel, L. D. Brown, N. Hutchinson, John Tognerelli, Cartacelli, Swanson, Mona See, Richard Ellis, Richard Haddy, A. Slaterdaek, M. Cafe and A. Fredelizo.

ELKS INSTALLATION CEREMONY TONIGHT

Elks this evening will induct into office, officers recently elected. A dinner will precede the ceremony. Hal E. Willis of Sacramento, district deputy grand exalted ruler for California, assisted by a group of past exalted rulers will have charge of the ceremonies.

Max Weis, the club's chef will prepare the dinner. Arthur W. Hoge is chairman of the dinner committee.

GODCHAUX TRIAL SET FOR TUESDAY

Norman Godchaux, accused of grand theft, will be tried next Tuesday morning in the Superior court in this city. The following jury panel has been called to try the case:

Grass Valley: Hazel Marthaler, W. J. Richards, Richard Rollins, Susie M. Shackleton, Ernest Hocking, E. Briggs, Frank P. Hipp, Mathew Laity, Jesse E. Moomey, Fred C. Juiff, Stanley Mitchell, Bert L. Paynter, Frank A. Thurston.

Nevada Township: Gomer Hopkins, James P. Brad, Richard Eddy, Byron A. Douglass.

Rough and Ready: William T. Ranch, William Stevenson, Alfred Dany.

Meadowlake Township: Austin Otis, Roy A. Feathers, Sam E. Davis.

Washington Township: John Boden.

Little York Township: C. H. Munger.

TRINITY EPISCOPAL TO CELEBRATE EASTER

Easter services at Trinity Episcopal church have been prepared by Rev. Charles Washburn and assistants with special care.

The following is the program for the order of the day:

Sunday school presentation of Mite Boxes, at 10:00 a. m., Annual Easter Communion service at 11 a. m., as follows: Processional hymn; choral communion service with Mrs. Lyda Talbot, soloist, singing, "Agnus Dei." Mrs. A. B. Foote will sing, the "offertory" solo; Mrs. Elliott will sing matthew's "Vision of the Cross." Sermon, "The Resurrected Christ," by Rev. Charles Washburn.

Mrs. Stanley Fitzsimmons attended the Easter party given by Miss Durbrow, kindergarten teacher in Grass Valley, Thursday. Her eldest daughter, Jeanie, attends kindergarden. The affair proved a happy and most successful one.

GUN MAN TRIES OWN CASE, LOSES

Accusing his attorney, Harry M. McKee, of "double crossing" Blackie Hughes, the thug who staged a series of hold-ups in Truckee last September, concluded his own defense in the Superior Court, lost his case, and was convicted by the jury on three counts of robbery. Each count carries a penalty from five years to life.

Judge Raglan Tuttle after vigorously rebuking Hughes for his repudiation of Attorney McKee, went into consultation with the attorneys on both sides. On reentering court he asked Hughes if he had any other attorney in mind. Hughes stated he had no one to defend him and asked for time to obtain another attorney. Judge Tuttle refused the request and Hughes stated he would conduct his own defense.

Few precedents of such insolent conduct on the part of defendant on trial for a felony occur in California legal annals, according to attorneys.

Attorney McKee had stated that the defendant wanted to make a statement to the court. Judge Tuttle asked what statement the defendant desired to make, to which Attorney McKee replied that he did not know. Judge Tuttle at first denied the request, and then reversed his ruling first ordering the jury from the room.

Hughes then said: "He double-crossed me; he din't subpeona the witness I wanted."

Judge Tuttle rebuked him with the remark:

"Just a minute, now I will strike out that remark, that your attorney 'double crossed you.' There is no evidence of anything of the kind. Mr. McKee is a man of the highest reputation before this bar. I will not permit anything of that kind to be said of him in this court. Just understand that."

The defendant again spoke with a statemen that McKee and Sheriff Carter had entered into a conspiracy against him and then McKee asked permission to question the sheriff but Judge Tuttle refused this request.

CONFERENCE CALLED

McKee then renewed his request to be relieved from the defense of Hughes and at this juncture Judge Tuttle asked the attorneys and Sheriff Carter to come into his chambers where a long conference ensued.

Returning to the court room and resuming the bench. Judge Tuttle again asked the defendant if he wished to discharge McKee as his attorney. The answer being in the affirmative, the court then reluctantly agreed.

In the trial direct evidence was produced against Hughes by three Truckee witnesses, each one of those robbed by Hughes at the point of a gun. The witnesses were: Charles T. Packer, Southern Pacific employe; A. R. Randolph, night clerk of the Blume Hotel; William Prause, waiter in a soft drink parlor of Truckee.

The jury took the case under consideration at 4:30 p. m. and returned a verdict of guilty on three counts of robbery at 8:30. Judge Tuttle will render judgment this morning at 10 o'clock.

BOOSTING THE MINING INDUSTRY

The best boost for the mining industry in this county is to tell the truth about it. A few weeks ago the Nugget published a Pay Day Special Edition of 2,000 copies. In that issue, we gathered from the sources best able to know the facts, a table showing the number of men employed in 12 of the larger properties of this district and, incidentally, the aggregate monthly payroll.

The prime object of this issue was to give heart to all those interested in mining, to open eyes that have for a long time been closed to everything but the evils of the depression. Despite the depression and perhaps, partly because of it, the mining industry is making day-by-day progress in Nevada county. New capital everywhere is timid, but in view of the many harrowing experiences "capital" has had in other fields, to engage in honest-to-God digging for gold is beginning to appeal mightily to those who have lost most of their cuticle in stock markets and land speculation.

In conditions of this kind it behooves the newspaper reporter to be very careful of his facts. The promoter who brings a tray of easy-money applesauce to the newspaper for distribution among hundreds of readers in and out of the mining communities, is a deadly menace to the readers of that paper, and the newspaper that publishes it is a Devil's blessing to his community. The opportunity that opens to promoters of mining shares, rather than of the mining industry, to skin the unwary was never more bright and shining than it is today, with weary and sad investors, big and little, turning for surecease from sorrow to the mining industry, as the one avenue to recoup their flattened fortunes.

The Nugget is here to tell the truth, as nearly as it humanly possible to ascertain what the truth is, about the mining industry. We want facts and not fiction. We regard facts as the best boost that can be given mining.

We do find this condition sometimes. Mine operators, who do the actually digging or supervise the actual digging, often have a prejudice, even a horror of newspaper publicity. The reason is that at some time or other their faith has been betrayed. The fly-by-night promoter with nothing but the gift of gab too often has pumped up the home town editor, not with innocuous air, but with a noxious gas, that kills confidence in his columns, snares the unwary investors, and disgusts the mining man that really knows the facts and the mining game.

The Nugget wants the facts, will not knowingly print anything but the facts, and upon sound facts open to the world, we believe that the mining industry in this community will continue for many years among California leaders in the production of gold.

"My Dream Garden"

In all my fleeting dreams,
Life at times strangely seems,
Like a garden with many colored flowers.

First there are the seeds that we sow,
And the thought flowers grow;
Some have a perfume exquisitely sweet,
Which remind us of a few people we sometimes meet.

The selfish and unkind thoughts are like the weeds;
Those we must PULL OUT and cast away
For they in our garden cannot stay.

We must plant only kind and loving
Seed thoughts in this Dream Garden;
That Joy we would reap;
And happiness forever KEEP.

BERTHA JOY DELLEA.

THE PAY STREAK

By H. M. L.

We sometimes wonder why people sign papers and afterward wake up and find themselves in extreme difficulty. We have in mind an honest old man who has a mine. He gave a year's option on the property to another man with no cash consideration mentioned in it, with no obligation on the part of the option holder to do a lick of work on the premises. Now this honest old man finds he must wait until the year is up before he can promote his own interests by leasing or selling the property. There is a chance, only a slight one, that the option holder may sell the property at the price named in the option, realizing for himself a handsome commission, but odds are against it.

This mine owner succeeded in interesting other parties in his mine. They came here to examine the property. But they were speedily informed by the option holder that they must do business with him. This kind of tranaction happens frequently in this section. Numbers of mining properties are tied up under option. Each owner learns his lesson, but apparently he has to learn it for himself. The experience of others, pickeled in the same brine, means nothing. They always trust some promoter to do a better job of promoting than they themselves are able to do, and in nine out of ten times, the property lies idle for the full term of the option. Options are all right, of course, when the option holder agrees to perform some work or pays a cash consideration. Otherwise, DON'T.

* * *

The season for weddings is approaching. The red bud is blooming along the highways and by-ways. Trees are leaving out and all the early bulbs are making a mighty pretty display of flowers. "In the springtime the young man's fancy lightly turns to thoughts of love." We suspect that the young woman's fancy does likewise, but even the poet refused to be sure of this. While we are old enough and, having observed a great many couples march to the altar, are competent to give much good advice on this subject, we offer none, for the reason that it would never be accepted, and that if accepted would probably reap only curses for the giver. The future is providentially, a sealed book. Those who leap into matrimony or anything else rarely light on the same bit of ground. But here is a tip. The depression is waning, wearing thin. The young man or maid who waits cautiously for this or that sign of returning good times, may still be waiting a long time hence. Youth is youth, a season in life, like the spring of the year. Instinct is older by hundreds of thousands of years, than is wisdom. Beware of thwarting youth in the spring time.

KENNEBEC CONSOLIDATED SHOWS GOOD VALUES

Henry and Lon Paine have been engaged for some time in sluicing over a large lime schist and Calavaras slate dyke for a distance of 800 feet and the latter is exhibiting a small yial of the yellow dust and nuggets taken from their work. Mr. Paine said that by rights the iron seams and sugar quartz should go through a mill.

There is a new 45 ton daily capaity Huntington mill on the property ,and Paine Bros, at this time, are now seeking additional capital to operate.

There is one 135 foot tunnel on the large dyke that shows promising values, and $1300 came out of a shallow shaft several years ago in the first operations of the property.

This property is known as the Kennebec Consolidated, consisting of 160 acres, located between two famous mines, the Alaska and the Delhi, and prospects well from the grass roots down.

ACCUSED OF TRAFFIC OFFENCE, DEMANDS JURY

CAMPTONVILLE, April 13 F. D Terry, of North Sacramento, who was arrested a short time ago by Traffic Officer A. J. Ponta, on a charge of driving on the wrong side of the highway, appeared before Judge W. B. Meek, entered a plea of not guilty and demanded a jury trial. The court set the date of trial for 10 o'clock Tuesday morning, April 25, 1933, and Constable A. H. Behens is summoning a jury to listen to the case. Deputy District Attorney W. C. Rucker of Marysville will represent the State in the case.

Mrs. Ben Preston, who owns the News stand in Nevada City, has had her place of business completely renovated, by fresh paint and new paper, making a clean neat looking shop.

The Retailers Credit Association of Grass Valley, D. T. Powell, manager, has removed to offices above the Golden Rule store in that city.

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.

L. A. HAS SMOOTH ROLLER AT SACTO.

By THOMAS B. MALARKEY

SACRAMENTO, April 13—(UP)—Southern California's assembly delegation—most of them first-termers—gave the legislature an excellent lesson in how to conduct a legislative "steam roller."

The smoothness with which the southerner's phalanx pounded the budget bill through the lower house left veteran northerners gasping. All the parlimentary and oratorical skill of the dissenting San Francisco delegation was to no avail.

Commander of the "Steam Roller," was Lawrence Cobb, chairman of the ways and means committee. Early in the fight Cobb was labelled "the Great General" by San Francisco's colorful William Hornblower.

Seren and unruffled, Cobb smiled off violent attacks. He had the votes and was content to let the northern delegation do most of the talking.

The angry San Francisco delegation fired amendments and motions at will. Cobb cruised the floor like a captain pacing the deck. Inexperienced southern California legislators followed his vote faithfully. Once on a complicated motion, the "general" motioned thumbs down. Obediently, the delegation voted "no."

It was a great legislative show. At times fist fights appeared inevitable. Such was the Crist-Dempster embroglio. Then the theme song would change to high comedy as Hornblower's pithy wisecracks brought down the house. The day-long battle ended up in a love feast and the bill went through by unanimous vote.

The budget fights demonstrated one thing. Southern California, if it can keep its lines intact, commands the assembly. Reapportionment has transferred lower house control from north to south. As long as the south has a shrewd and capable leader, it will remain in control.

The senate is infuriated over the assembly's failure to pass the Ingels amendment, cutting counties' school contributions. An epochal interhouse war is in prospect. Here's the setup. Pet assembly bills are liberal measures such as pari-mutuel betting and anti-capital punishment. The upper house has an inordinate fondness for school economy measures.

Senate leaders have served notice if its school economy program is upset completely, the upper house will proceed to kick the assembly's liberal program into oblivion.

The governor is in another tight spot. The bill proposing abolition of finance department got through the senate. If approved by the legislature and passed over the governor's vote, it would remove immense powers from Rolph's office.

The report is current the governor may suggest a compromise to legislators who are determined to secure removal of Rolland A. Vandegrift, finance director. He might transfer or dismiss Vandegrift and appoint another man. The fact that Former Governor Friend W. Richardson, prominently mentioned as Vandegrift's successor, was callled into conference with the governor after the senate's passage of the finance directorship bill was regarded as significant.

TWO CAMPTONVILLE BOYS RECEIVE HONORS

CAMPTONVILLE, April 13—Two Camptonville boys have recently been honored at Sacramento, John F. Lord, a native of this place and graduate of the Camptonville Branch high school, now a student at the Sacramento Junior College, recently retired as councillor of the Sacramento Order of De Molay, after serving for several years in active service in the order. He was commended for perfect attendance, merit, and ritualistic work, and was presented with a fitting Past Masters Councillor's jewel for his work.

James L. Joubert, also a graduate of the local high school was recently made a member of the mathematics honor society of the Sacramento high school. This society is composed of students who rank an A or B in advanced mathematics, and due to the difficult subject, the membership is small and select. Both boys are studying to become mining engineers.

NORAMBAGUE AND PERRIN MINE TO BE REOPENED

A. R. Archibald, mining engineer of Grass Valley, has secured financial backing and is now engaged in reopening the Norambague and Perrin mine below Grass Valley.

There is quite a lot of equipment and machinery on the property, the main feature being a mill of about 20 stamps.

This property has some excellent past production record.

BALL MILL RELINED FOR HOGE DEV. CO.

Mill Superintendent F. G. Moses, Hoge mine reports he has just completed overhauling mill equipment which included relining the ball mill. A new filter drum has been installed which will reduce the moisture content of the concentrates from 50 per cent to 12 per cent.

CONVEYOR WHEELS MADE GOOD ROLLER SKATES

LODI, April 13—(UP)—Manufacture of roller skates is due for a terrific slump here, in the opinion of local police.

Acting on complaint of the Pacific Fruit Exchange, officers nabbed several youths, ranging from 12 to 15 years old, on charges of removing wheels from the company's mental conveyors. Police were called only after approximately 150 wheels had disappeared from the fruit shed, officials said.

According to police, the youthful captains of industry were selling the wheels, eight for 15 cents. They cost the company 22 cents apiece.

LONG BEACH —(UP) —A tank filled with compressed air belonging to the Puget Sound Bridge & Dredging company blew up. An employe standing on top of the tank, had his trousers blown off by the blast. He was not injured.

LODI —(UP) —The roller skate "industry" boomed, then met with a serious setback here. Police arrested several boys for stealing wheels off the conveyors from a local fruit exchange.

LOS ANGELES —(UP) —Lynn Cowan, motion picture actor, got a break—two breaks in fact. A few minutes after h ehad insured his automobile for complete coverage, he wrecked the car.

OAKLAND —(UP) —Firemen received a call to shut off escaping gas in the basement of a local residence. They reported no gas escaping. They found a skunk instead.

SHAFT DOWN 60 FEET ON GOFORTH PROPERTY

E. H. McMurray and Taylor of Nevada state, who are opening up a mine on the Wm Hockings ranch in Kentucky ravine, also known as the Go-Forth property, are very much encouraged with showings of ore at this time.

They have sunk a 60 foot shaft and bought machinery consisting of compressor, hoist and gas engine.

On one ledge at the depth of two feet they claim to have struck ore assaying $14. to the ton.

About four men are employed on the property.

This ranch consists of about 300 acres and gives enough ground to make a splendid mining property.

UNMARRIED MEN RECRUITED FIRST IN PEACE ARMY

SACRAMENTO, April 13—(UP)—Unmarried men ranging in age from 19 to 25 who are citizens of California will be selected first for Civilian Conservation Camps under President Roosevelt's reforestation program.

This announcement was made by R. C. Branion, emergency relief administrator, following receipt of word from Washington.

"The men in these age groups who, although single, have persons dependent upon them will be given preference," Branion said. "All such men must enroll in the state of their legal residence and will be sent from that state to the camps within that area."

LOST CABIN MINE REPORTS STRIKE

From Loyalton comes the report of a strike of a $200,000 pocket in the Lost Cabin mine near there. Jack McIntyre brings out the story of this remarkable discovery. It is said to be similar to a strike made some years ago in the Four Hills mine when out of one hole $286.000 was taken, and a little deeper in the same pocket $250,000 more was taken. The formation in Lost Cabin is said to be very similar to that of the Four Hills.

IT GETS VERY COLD ON MT. LASSEN PEAK

SACRAMENTO, April 13—(UP)—California may be sunny, but it does have its cool moments.

A minimum recording thermometer recently was brought down from the 10,570 foot level of Mt. Lassen by the United States weather bureau.

The thermometor, which had remained on the peak throughout the winter recorded a mimimum temperature of 56 degrees below zero.

OLD BEER RESURRECTED

GERBER, April 13—(UP)—With the advent of 3.2 per cent beer, W. W. Ackerman of Gerber recalled that he had put away a bottl eof beer at the time the county went dry. Dusting off the bottle, one hidden in an old trunk, the label revealed it had been bottled in 1919 and had an alcoholic content of 2.75 per cent.

WILD CAT FREED

QUINCY, April. 13—(UP)—It all depends on the viewpoint. Clark Clemans, resort owner, recently had to spend four weeks in bed as the result of an injury. Remembering the month of confinement, Clemans' first act on getting up was to open the cage in which he had kept a wild cat for more than a year as atourist attraction.

PINE BEETLE DOESN'T CARE HANG FOR COLD

LAKE TAHOE, April 13—(UP)—It takes more than the longest period of freezing weather in the history of Lake Tahoe to score a knockout over the pine beetle, according to Arnold N. Weber, of the United States forest service.

Completing an inspection of the forests on the south end of the lake, Weber said he found larva of the destructive pine borer unaffected by the low temperatures of the past winter.

While the thermometer reigstered as low as 10 degrees below zero during the winter, Weber said, the large body of water served to moderate the temperature and permitted the larva to escape freezing.

BAKERSFIELD (UP) —A "tale" of four kittens belonging to J. W. Reed was revealed here. One kitten had a normal tail, one had a one inch tail, and the other two had no tails at all.

BYRON —(UP) —Hens on the Del Vezzio ranch are gifted with an unusual amount of intelligence. Now that Easter is near, they have been laying eggs of half a dozen colors.

RADIO CURB BILL IN LEGISLATURE

SACRAMENTO, April 13—(UP)—Irresponsible dissemination of news and fradulent advertising would be controlled and prevented by a bill introduced in the senate by Senator Walter H. Duval, Ventura—the first concrete step taken to regulate radio broadcasting in this state.

Radio control would be in charge of a socalled radio "czar" referred to in theme asure as the "radio Authority."

Control would not only include material broadcast but would also aim to prevent radio interferrence.

Senator Duval said the radio situation has reached the point in the state where "wild stuff should be kept off the air."

FALSE NEWS REPORTS

Duval said there have been numerous examples of some radio stations spreading false and irresponsible news reports. His measure would set up the machinery to prevent such irresponsible news reportin.

If either a radio station or an individual broadcaster violated provisions of the act, the radio "czar" would be empowered to recommend to the Federal Radio Commission the revocation of the license.

In effect the radio czar would:

Supervise material broadcast and require stations to submit for public inspection such material.

Prevent broadcasting of false information, fraudulent advertising and obscene material.

EDUCATIOAL PROGRAMS

Stimulate broadcasting of informative programs by educational institutions.

Initiate proceedings for cancellation of federal broadcasting license when stations, in the "radio" authority's judgment, should be abolished.

Eliminate from the air interferrence which hampers radio stations.

The "radio authority" office would be maintained by a tax of "forty cents per watt per annum on the maximum power they are authorized to use under the terms of their federal licenses." Stations operating on less than unlimited time would only pay a 25 cent par watt tax.

The "radio authority" would receive a salary of $4,500 annually. His deputy would draw $3,600.

NESTING WATER OOZEL PREDICTS NO FLOODS

YOSEMITE, April 13—(UP)—If one is to believe the water ouzel—and many do—the snow run-off of the Sierras will be gradual.

The water ouzel, familiarly known as the dipper, is the slate colored little bird who is remarkably adapted to securing its food in stream beds underneath rushing water.

This bird always builds its nest as close to the water's edge as possible, and yet not so close that the spring floods will wash it away. There is no known example of the bird making a mistake.

One pair of ouzels have built their nest near Arch Rock ranger station not more than five feet above the present water level, thus indicating these birds do not anticipate heavy floods during the run-off.

LISTENED TO GYPSY'S PALAVER, LOST $225

SACRAMENTO, April 13—(UP)—The "rosy future" a Gypsy fortune teller predicted for Mrs. E. Teske was just a lot of "Gypsy palaver"—with the accent on the "gyp" she told police.

The glowing predictions so pleased Mrs. Teske she left the seer alone in her apartment while she sought another tenant in the building who might want a "reading."

When she returned, she said, the fortune teller was gone—as were a diamond ring and bracelet valued at $225.

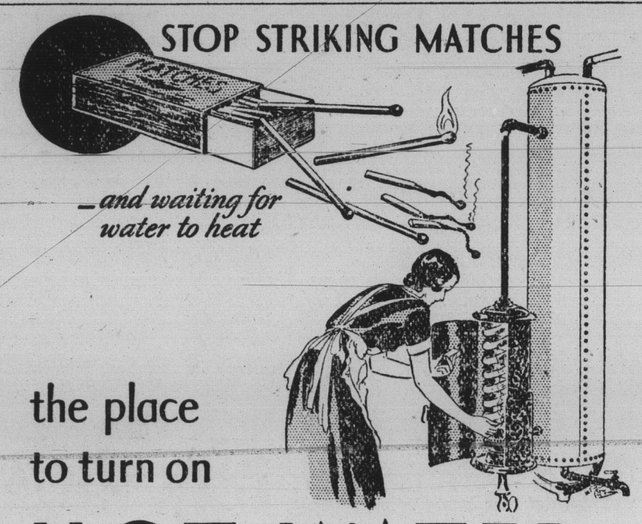
STOP STRIKING MATCHES



...and waiting for water to heat

the place to turn on

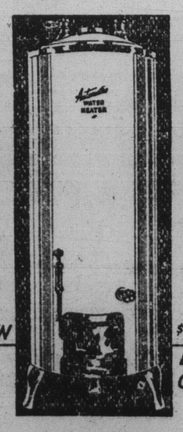
HOT WATER *is at the faucet!*

OF COURSE it is not the mere striking of matches that makes the old-fashioned tank type of water heater such a nuisance. It is because someone always has to light the heater. It is because someone always has to wait for the water to heat, and always has to remember to turn off the water heater.

With an Automatic Gas water heater all this is different. You turn on hot water at the faucet. You learn to take its service for granted, a part of the modern living you enjoy. The first month of service is always a revelation—you wonder how you ever put up with any other kind of hot water service in your home.

There is no starting or stopping for anyone to remember. It is quiet, dependable, absolutely carefree. And all this for less cost per gallon of hot water than you pay for your present unsatisfactory hot water service.

Judge this Automatic service of hot water in your home for yourself; go and see the new Automatic Hot Water Heaters on display in the nearest P. G. & E. office or at your dealer's store. They are so easy to buy. As little as $4.85 down and $3.85 a month will place one in your home.



Natural Gas cuts the former cost of gas water heating as much as 53%.

AS LITTLE AS $4.85 DOWN

$3.85 A MONTH BUYS AN AUTOMATIC GAS WATER HEATER

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, April 12.—Bob Forbes left Saturday for Petalume to spend a week visiting relatives.

County Surveyor Jason R. Meek and grandson William C. Meek of Marysville, were in town Monday on official business.

Mrs. Acton M. Cleveland left Tuesday morning for Sacramento to spend a couple of days visiting her daughter Miss Earlyne A. Cleveland.

William Groves arrived Friday from Auburn to spend a week visiting his mother and aunt.

Mr. and Mrs. Harry Deal and son and father J. E. Deal motored to Nevada City Saturday on a brief visit.

James C. Bennett left Monday for Hayward after spending a couple of days in this section on mining business.

Art King of Yuba City passed by Monday enroute to the upper country with a load of produce.

Mr. and Mrs. A. H. Hamilton and daughter Patty, motored to Nevada City Tuesday, the little girl being ill.

Mr. and Mrs. Earl L. Cleveland of Sacramento arrived Tuesday on a couple of days visit here.

Richard J. Gulver returned Tuesday from a couple of days visit at Auburn and Oroville.

Mrs. Grace Peterson went to Marysville Saturday on a short visit with friends at the Hub City.

CAMPTONVILLE, April 10.— J. W. Rarke, Jos. Stenger, Wade Armstrong, W. A. Carlson, J. H. Penrose, N. G. Robson, and W. E. Meservey of Nevada City motored here Friday evening to attend a lodge meeting.

Mr. and Mrs. Julius E. Pauly and sons motored to Marysville Saturday for a days visit.

Richard J. Thomas and E. M. Innes of Sierra City were in town Friday evening attending lidge.

Mr. and Mrs. William O Grant left Saturday for Sacramento on a short visit to their daughter there.

James L. Joubert and Chas. L. Wilson arrived Friday from Sacramento to spend a weeks vacation here.

Mrs. Miner Jayne went to Downieville last week to visit her son Lester M. Jayne.

Arthur Mackley, John A Reed, Jacob Keiffer, Clarence Johnson and G. G. Raymond of Downieville were in town Friday evening attending a Masonic Lodge meeting.

David Lewis is recovering from a bad attack of the influenza.

William A. Lang and G. E. Lang, motored to Pike City Saturday on a brief visit.

E. R. Stambaugh of Nevada City was in town Sunday on a short business visit.

Mr. and Mrs. Joseph Lavezzola and children Mrs. Margaret E. Lambert and Miss Veck of Downieville were in town Sunday on a brief visit.

Mr. and Mrs. E. P. Gleason of Nevada City were in town Sunday visiting friends.

Although the Meek Marcantile Company held a federal revenue license to dispense beer from the 7th none of the much sought for beverage was retailed here until Monday due to the time it took to get the product here. Differing from some of the larger localities, no one went hog wild in this section over the event.

Richard J. Culver who spent the past year in this section left Saturday for a few months leave to other parts.

Bernard Rathjen of Pike City was in town Friday on a brief visit.

James G. Bennett of Hayward arrived Saturday on business in connection wit his newly acquired mining property here.

CAMPTONVILLE, April 7.—Erle Pauly left Tuesday for Auburn after spending a couple of days visiting relatives here.

Joseph Bachaels of Goodyear Bar passed through town Wednesday enroute to the lower country.

Ray Knickren and Myron Pauly left Tuesday for Oakland on a few days visit.

Art King of Yuba City passed through town Monday from Sacramento enroute to the upper country.

Emil Verch arrived Tuesday from Redding on a short visit with friends here.

William Lloyd of Downieville passed through town Wednesday enroute to Grass Valley.

Mrs. Acton M. Cleveland returned Thursday from Sacramento where she was called by the illness of her daughter who is now improved.

SNOW DELAYS MINING AROUND SLEIGHVILLE

CAMPTONVILLE, April 13—The packed heavy snow which covers the ground in and above the Sleighville House and from there northward, is considerably delaying and hampering with mining operations in this sections. Several properties are waiting to start up will be unable to do anything for another thirty days due to the fact that it is impossible to get to these property on account of this heavy snow. To this ate, no one has been past the Sleighville House other than on foot and skiis, it being impossible to get beyond there on horseback. In many places on the Mt. Alta road, four and five feet of hard packed snow is encountered. With the clear cold dry weather and north wind, freezing every night, it will be at least 30 days before this snow will be so that travel can be resumed.

The Oregon Creek Company and others are ready and waiting to start operations but cannot do so until the roads are accessable.

DEPOT HILL IN OPERATION

The Depot Hill hydraulic mine, near Camptonville, owned and operated by Fred Joubert, is now working five men. With plenty of water available good production reports are expected shortly.

LOS ANGELES —(UP) —Iris Jacqueline Taylor should be lucky at dice. She was born on the 11th hour of the 11th day of the 11th month and is the 11th living grandchild in her family.

DRINK WATER WITH MEAL GOOD FOR STOMACH

Water with meals helps stomach juices, aids digestion. If bloated with gas, add a spoonful of Adlerika. One dose cleans out poisons and washes BOTH upper and lower bowels.—R. E. HARRIS DRUG STORE, at Nevada City, California.

American Heroines

By LOUISE M. COMSTOCK

"Michigan Bridget"

WOMEN have been led to take up the masculine pursuit of warfare by various reasons, patriotic and sentimental. But it is probable that few of them took up arms, as did Bridget Devens, for the love of fighting. For Bridget, when the Civil was was over, chose not to return to the quiet routine of home and children, but with her husband re-enlisted in the regular army, went with her regiment to Texas and was for a time stationed near the Rocky mountains!

Mrs. Devens is known in history as "Michigan Bridget" from the fact that it was with the First Michigan cavalry regiment, in which her husband was a private, that she first went into battle, and many and various are the tales of her valour. A robust Irish woman, she rode horseback day and night, on one particular march it is said wearing out several horses, keeping up with the best of her fellow soldiers during Sheridan's famous marches in the Shenandoah valley, and more than once she took the place left by a wounded man in the firing line.

During one illy-fated engagement the captain of Bridget's regiment was killed and a colonel badly wounded. It was Bridget who accompanied the wounded man to City Point hospital and tended him four days and nights without sleep, until he was well on his way to recovery. Then, indignant that her captain's body had been left on "rebel soil," after a single night's sleep and accompanied only by an orderly, she again took to horse to go after it. It was a hard ride of fifteen miles. Once at the battlefield, however, the tireless woman found the body, strapped it to her horse and continued on her way, riding seven miles to City Point, where she had the body embalmed and saw that it was properly shipped home.

But Bridget was not yet finished. On the field of battle she had seen a number of wounded soldiers left without care. Once more she returned. With prodigious effort she got eight of the wounded men into a wagon, and with her sorry load started once more for City Point. Half way there, she ran into a detachment of Southern scouts. They ordered her to halt, that they might investigate. Lashing her horses, Bridget kept on her way. The Confederate leader shouted after her, then ordered his men to fire. But for the timely intervention of a small body of Northern troops, this escapade might have put an end to Bridget's military career, and to her life as well. As it was, she got her wounded to the hospital, and was able to save the lives of a number of them.

NORTH BLOOMFIELD

By MRS. RALPH PENROSE

NORTH BLOOMFIELD—Mr. H. Todd was visiting in North Bloomfield last Sunday. He is the Missionary. He was looking over his Sunday school in this district.

Mr. Frank McClaslin with, A. P. Landsburge and Max Foote, were over on Columbia Hill ridge fighting fires Sunday and Monday.

Joe King from Nevada City is in North Bloomfield today.

Mr. and Mrs. S. McKinney were up from their ranch at Gridley. They were visiting Mrs. McKinney's brother, Mr. S. C. Bevins of North Bloomfield.

Mr. E. B. Dudley is having a new porch built on the front of his store.

Mr. and Mrs. C. Goldsberry, went down to the city last Saturday. They expect to return within the next day or so.

Mr. C. Clarke from Relief Hill was down today after mail and supplies.

John Boreni was in town from Lake City yesterday.

Mrs. C. Church and family made a trip to Nevada City last Saturday.

Mr. E. B. Dudley was out on the road last Saturday fixing telephone lines.

Mr. and Mrs. Carter of Los Angeles came through North Bloomfield on their way to the Twin Sisters mine to visit Mrs. Carter's brother.

Mrs. Kallenburger of North Bloomfield went to Sacramento last Sunday and from there she is going on to Stockton to visit her sister.

MASONIC INITIATION HELD AT CAMPTONVILLE

CAMPTONVILLE, April 13—Gravel Range Lodge No. 59 F. & A. M. was host to neighboring lodges Friday evening when the Third Degree of Masonry was exemplified upon a candidate. Masons from Sierra City, Downieville, and Nevada City were present, and a very enjoyable meeting was had. Following the ceremony, the members sojourned to the banquet hall on the second floor of the Meek Mercantile Company building where a fitting supper was served.

Frank Poggi and Dr. C. C. Stutton of Downieville were in town Wednesday on a short business visit.

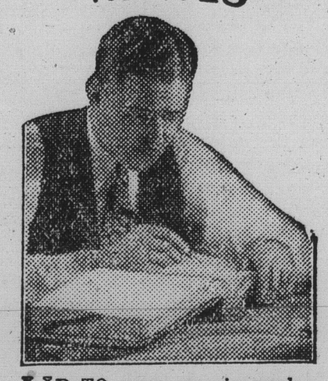
OVER WORKED NERVES



UP TO your ears in work—every nerve at high tension. No wonder you snap at the wife and bark at the children.

Watch out! Overworked nerves may lead to Sleeplessness, Nervous Headache, Nervous Indigestion and a host of other unpleasant disturbances. Why don't you try Dr. Miles' Effervescent Nervine Tablets?

Just one in a half glass of water makes a pleasant, sparkling drink delightfully soothing to over-taxed nerves.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both have the same soothing effect.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producng activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.

NORTH SAN JUAN

NORTH SAN JUAN, April 12.—W. P. Clerkin and a number of volunteers have been working on the ditch between Bloody Run and Shady Creek. They worked several days last week and this, finding much debris to clean out after last winter's heavy snow.

The North San Juan base ball team unanimously elected Mr. Homer for their new manager. Francis Reader is captain this season. The ball team went to Browns Valley last Sunday to play the Brown Valley team. Although our boys played very well they were beaten 4 to 2.

Mrs. Harry Skinner of Oregon Hill came down last Wednesday to take her mother Mrs. S. Solaro home. from there Mrs. Solaro went to Marysville where she visited her daughter Mrs. Huckins.

Mr. and Mrs. Gordon Kessler went to Reno on Sunday, returning by way of Colfax. Miss Wilma, who has been visiting Mrs. Haffey at Drum for the past month, returned with her parents. The snow at Drum is still about 2 feet deep.

Walter McCullough of Brown Valley, was in town on Sunday, visiting his father, J. J. McCullough.

Mr. H. Aldredge and family have recently had a visit from Mr. Aldredges brother, who with his wife and son and daughter were motoring from North Carolina to their home in Tacoma, Washington.

Mr. and Mrs. Charles Buhl of Brown Valley, were callers on some friends in town on Tuesday. Miss Eva Clay accompanied them.

Mr. H. H. Buckner, preached here on Sunday afternoon. Coming from Nevada City with him were Mrs. Buckner, Miss Murchie and Miss Springer.

Next Sunday is Easter and the children of the S. S. will give an Easter program at 2:30 p. m. followed by church services. Everyone is cordially invited to attend.

Mr. Farnia, who hauls supplies from Sacramento along the route through Downieville and Sierra City met with quite a loss on his last trip. He left his loaded truck standing on a street in Sacramento for five minutes and when he returned found he was minus about $40 worth of tobacco and candy.

Mr. Huckins says that most of the prospectors who have been camping around here the past winter, have left for places further up in the mountains.

Between 40 and 50 men have been mining in the San Juan diggings for some months and some 60 men were working along a two mile stretch of the river until high water drove them away.

The mine at Montezuma Hill is being re-opened. Mr. Will Peckwith and his brother-in-law, Mr. Chin, are doing some contract work there.

Mr. Hadley, the coroner of Tulare county and Mr. George Tschumy the Mayor-elect of Visalia, visited Mr. and Mrs. Homer over the week end.

There has been some work done by different people on the cemetery this last week. Much more is needed to be done and a get-to-gether day by San Juan citizens could do wonders to improve the appearance of the cemetery so beautiful for situation.

ROUGH AND READY

By Miss MARGARET WILSON

ROUGH and READY, April 13—Three new pupils have enrolled in the Rough and Ready school, as the result of a new family moving into this community.

Everybody is busy planting gardens. Looks as though we will have plenty of vegetables this year.

A number of ladies from here visited Peardale last Saturday. Those who took the trip were: Mrs. Howe, Mrs. Stevenson, Mrs. Ed Wilson, Mrs. M. P. Wilson, Miss Maire Howe, Mrs. Casper and Miss Aileen McCrea.

LEGAL NOTICE.

ORDINANCE NO. 215

The City Council of the City of Nevada do ordain as follows:

Section 1: That the City Council deem the expenditure of $10,000.00, raised by the sale of bonds under the terms of Ordinance No. 199 of the City of Nevada for the purpose for which said bonds were voted and authorized at a special election duly held on August 12, 1926, impracticable and unwise.

Section 2: That a special election is called, to be held on Monday, May 15th, 1933, for the purpose of obtaining the consent of the people of the City of Nevada to the expenditure of the said sum or fund of $10,000.00 raised under said Ordinance No. 199, as aforesaid, for the following municipal purposes, to-wit:

$8,000.00 to be expended for the repair and improvement of the municipal water system and

$2,000.00 to be used for retirement of the municipal water bonds of said City of Nevada.

Section 3: That the manner of holding said special election shall be as provided by law for holding municipal elections in said City of Nevada, except there shall be but one voting precinct for said special election; that the polls shall open at 8 o'clock A. M. and keep open until 6 o'clock P. M. of said day of the election, and that the ballots used at said special election shall have printed thereon substantially the following proposition to be submitted:

Shall the City Council be granted the authority to expend and use the sum of $10,000.00 heretofore raised under Ordinance No. 199 of the City of Nevada, for the following municipal purposes, to-wit:

"$8,000.00 to be expended for the repair and improvement of the municipal water system, and $2,000.00 to be used for retirement of municipal water bonds of the said City of Nevada."

with the words "yes" and "no" so printed in connection therewith that the voters may express their choice.

Section 4: That the election officers shall canvas the votes and make out the returns thereof in the manner provided by law for municipal elections in said City of Nevada, and that the approval of this Ordinance shall require at least two-thirds of all the votes cast at said special election.

The foregoing Ordinance was adopted by the City Council of the City of Nevada at a regular meeting this 13th day of April, 1933.

Ayes—Bennetts, Armstrong, Murchie, Seaman.
Nays—None.
Absent—Worth.

Legion May Day Program Preparing

The splendjd May Day program and dance being sponsored by the American Legion and Legion Auxiliary is to be one of the outstanding affairs of the spring season.

It is to be held in Red Men's Hall in Nevada City and a large attendance is anticipated.

The May pole dance and many and varied parts of the program to be rendered by Mrs. Lyda Talbot's music class, in all their costumes will be a strong attraction. The excellent performance in the past of Mrs. Lyda Talbot's dancing class, bespeakes what may be expected of these clever youngsters. Another special number must be mentioned; it being the interpretation of the "Star Spangled Banner," by eight young misses. This number will be sung by Mrs. Talbot, and costuming will be in the National colors. The central figure will be posed by one of Nevada City's most popular little maids, Ruth Curnow, as California.

Another splendid feature will be the maneuvers of the Drum Corps of the Legion in full regalia, which will be under the direction of E. R. Burtner of Grass Valley. This event opens the program.

Meyers Mobley's orchestra will render their famous brand of music for the dance.

The proceeds of this affair is to be a benefit to the children of destitute Legion families.

Mrs. Luther Marsh, chairman of the Child Welfare department of the Auxiliary and Luther Marsh, chairman of the department in the Legion, both Nevada City residents, ask the support of the public by attending the big May Day pageant and dance on May 1st.

Many very distressing conditions are being administered to in this immediate vicinity. To continue this needful charity numbers of clever children are practicing daily under direction of Mrs. Talbot to give the public a real treat. All who will feel that they have spent that 50 cents to the very best advantage in supporting this benefit, and receiving the big thrill these clever youngsters always give in their performances.

Mr. and Mrs. Mac Boyle, World Touring, See Java

The last communication from Mr. and Mrs. Errol Mac Boyle stated they were in Java, and that they were both very anxious to get back to California.

Mr. MacBoyle, superintendent, and one of the principal owners of the Idaho-Maryland mine, stated he would much rather run a mine any day than rustle luggage.

Little Susie Kistle, fell and broke her collar bone Tuesday and has been unable to attend school.

1/4 pint Cod liver oil

WHO COULD TAKE SO MUCH?

Six little KELFOOD tablets taken daily for a week contain as much Vitamin A and D as ¼ pint of Cod Liver Oil!

KELFOOD is composed of Pacific marine vegetables, yeast and concentrated Halibut Liver Oil. It supplies all the minerals needed for buoyant health plus Vitamins A, B, D, E and G. Recommended for all deficiency disorders such as Constipation, Nervousness, Low Vitality, Goitre, Colds, Influenza. A food concentrate, not a medicine. At your food or drug store or write,

Miss Minnie Brand Heads Civic Club

The regular election of officers for the coming year was held by the Woman's Civic Improvement Club last Monday night. Those elected were: Miss Minnie Brand, president; first vice president, Mrs. C. E. Parsons; second vice president, Mrs. James Penrose; secretary, Mrs. Ida Sweeney; treasurer, Mrs. Belle Douglass.

The convention of State Federation of Woman's Clubs will be held in San Francisco, from April 26 to 29. Mrs. George Stine has been selected as a candidate from the local club to attend and Mrs. H. E. Kjorlie will also attend the meeting.

Mrs. Kjorlie is state chairman of Education. Last week she received her official re-appointment for the coming two years.

Boy Scout Cubs Enjoy Easter Egg Hunt

Mrs. Elza Kilroy gave an Easter egg hunt in her beautiful yard Tuesday, to the Cub Boy Scouts.

Last Saturday the Cub Scouts hiked out on the goat trail and cooked their own lunch.

Personal

Mrs. Will Carter of Downieville spent Tuesday in Nevada City visiting with her husband and his parents, Mr. and Mrs. R. Carter.

Ray Murchie, of the Alpha Stores is having some remodeling done at his home on East Broad street.

Mrs. Hariey Mr. Leete, and son, Harley Jr., spent the early part of the week in Nevada City.

Miss Alma Marsh returned Tuesday from a visit in Sacramento with her sister, Mrs. Aubrey Wisker, and family.

Continued from page one

OPPOSITION TO POOL FUND DIVERSION

with the rich fellows for expenses to run this city with. Did you hear the howl they made at the court house the other day when the Tax Committee wanted to cut into the fat salaries they have up there? I wonder if the Tax Committee got cold feet.

In our neighboring Placer county the elected county officers took a 29 per cent reduction in salaries gracefully. I could give you each office holder's cut, but space will not allow. Now if our highly paid county officials don't like the cut, they would not have to run next term, give someone else a chance. It's a shame to hear that some of them have been there 30 years.

Taxpayers and citizens, let us start in and show a little more interest in city and county affairs. Let us start in May 15 and tell hem we want a Swimming Pool.

Just a few lines more while I am at it and that is, let us assess ourselves 50 cents a month for hauling garbage away.

A small town's biggest curse is always the dumps everywhere. Cans and bottles are dumped along our city streets and any vacant corner and back yard. If the city hauled it away, there would be no excuse for all the dumps everywhere. Let us keep our fair city clan and healthy.

LUMBER TALKS

SPRINGTIME URGE

'twas neighbor Brown who felt it first,
And here's the very proof,
He clambered up a ladder tall
And painted his dull roof.
Then Mr. Bristol, watching him,
Soon felt the impulse too,
And taking lumber, paint and nails
Made his old porch seem new.

The spirit spread till thrue the town,
From neighbor unto neighbor,
Paint brushes flew and hammers too,
To swell the sounds of labor.
New fences stood beside the way,
White picketed and handsome,
While every house looked proud and new,
And worth a knightly ransom.

Then I got busy with the rest,
The spirit strongly urging,
I hammered and I painted too,
While springtime went on surging;
I made a kennel for the pup,
And now, ere ideas fail,
I think I'll put a big time lock
Upon the city jail.

A. M. C.

Many folks are doing it. DOING WHAT? Building, remodeling and painting up. Renewed confidence, which is generally acknowledged, is causing many to take advantage of present market prices both in labor and building materials.

Weather conditions are ideal now, either for building or painting.

Our special offer in our unexcelled quality-paint will continue for a short time longer.

We shall welcome the privilege of assisting any one with with new construction or remodeling problems.

Just call, write or phone and we will be at your service.
